# For consideration

? are you aware that the environmental drive in your offices  
will decrease your company's costs ?

The answer is simple :

! Stop using papers...

step by step...  
but start now !

Is this feasible?

Are my offices ready for this?

Will people be against it?

Will it improve my brand and image?

Can my offices handle this if they are coached?

Will it increase efficiency?

Will it save office space?

Will it save time?

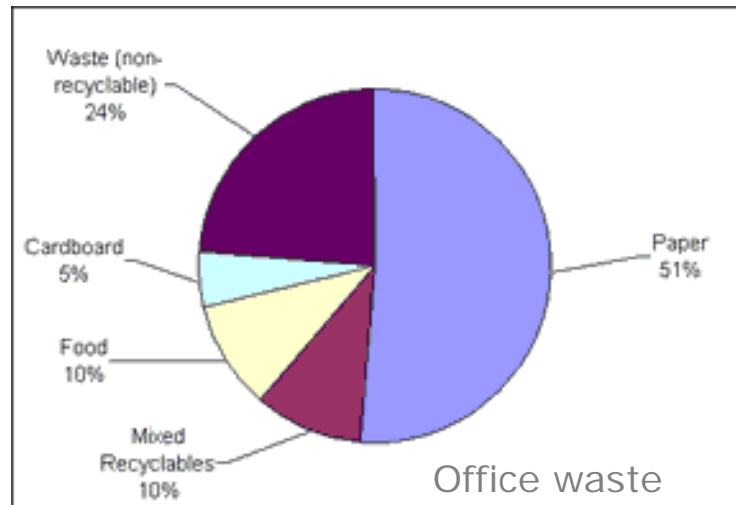

Will it reduce costs?

Our answer is Yes !

# Advantages

- Reduced overall costs
- Increased overall efficiency
- Improved office floor usage and space
- Increased company's brand image
- Makes more people happy to work for you
- Returns satisfied clients

# It is also true that...

using papers and hardcopy classifications

- ... reduces your office efficiency
- ... increases your office space needs with more than 25%.
- ... mistakes causes a lost of time and irritation.
- ... it frustrates and stresses employees
- ... makes bosses and managers unhappy
- ... clients are unsatisfied
- ... as faxes are getting out of time very rapidly
- ... the Internet and email are now the reason why people print-out even more documents than ever before
- ... which creates huge mountains and ever increasing paper waste.
- ... copies and prints, ink-cartridges, Faxes, phone billings, office printers and –copiers and office space (leased or rented) are a big part of your budget.
